School in the Pines Behavior Policy Letter

Dear Parents,

Abusive behavior, physical or verbal, is not tolerated at School in the Pines. If your child engages in such behavior (including, but not limited to, biting, hitting, scratching, rude language*, or profanity*), he or she will be given a verbal warning that this behavior cannot continue. Since we cannot possibly list every behavior that is unacceptable, we will tell your child if he or she does something that is unacceptable. If the behavior is repeated after we have told them it is not appropriate, we will give you a verbal warning. If negative behavior continues, you will be given a written warning and asked to sign it. A second written warning will be given if behavior continues. Upon receipt of a third written notice of behavior problems, your child will be asked to leave the school either on a temporary or permanent basis. An effort will be made to work with you and your child at each step along the process. The staff will make every effort to correct discipline problems by modeling and praising good behavior, using redirection, and implementing time-outs. There will be no harsh, cruel, or unusual treatment of any child. We will attempt to contact you at work if your child has received either a written or verbal warning. It is much easier to discuss problems right after they have happened, and not in the presence of other children at school. Please discuss this policy with your children so they are aware that their behavior will result in consequences. Most parents whose children attend School in the Pines do not expect or want their children exposed to rude language, physical abuse, and disrespect towards teachers and peers. By implementing this policy, we feel we can provide the best possible environment for all our children, age 2 years through grade 6.

**includes, but is not limited to, "shut up", butt-head, stupid (referring to another person), Oh my God, crap, "this sucks", fart and other "bathroom" words, and any other words considered profane. We realize some of these words may be used at your home, but they will not be used at a school where there are very young children, and many parents who don't want their children (at any age), using such language. In addition, children may not talk back to their teachers or speak unkindly to other children.*

Thank You,
School in the Pines

Verification of Receipt of Behavior Policy Letter/Permission Slip:

My child has permission to play on the Lemm Playground or Cypress Forest Lakes Playground during our after-school or summer camp program, including Klein Holidays.

Signing below indicates that I have read the attached letter and have kept the letter for my records. I agree to abide by the policies listed in the letter and discuss with my children the consequences of their behavior. I understand that after three warnings, my child may be asked to leave School in the Pines on a temporary or permanent basis.
