Tuition is based on an annual cost and divided into ten equal payments. When children are out of school, our teachers use that time for curriculum design, classroom prep, and teacher training. We spread our annual cost into ten equal monthly payments to provide families with a predictable budget during the year.

Potty Training & Independence Jr PreK and PreK students must be fully potty trained, meaning they can tell an adult when they need the restroom, manage their own clothes, and wash their hands independently. Three-year-olds not potty trained by September 1 may be enrolled in a younger class if space and maturity permit; a \$15 daily fee will apply until training is complete.
